EXPERIENCE

GRAMPRO BUSINESS SERVICES PRIVATE LIMITED |

SOFTWARE DEVELOPER

September 2023 - Present

- Developed and maintained responsive web applications using Angular, HTML, and CSS, ensuring a seamless user experience across devices.
- Collaborated with the backend team to integrate .NET APIs and efficiently handle MySQL database operations, optimizing performance and data flow.
- Conducted thorough testing and debugging to identify and resolve issues, improving application performance and enhancing overall user satisfaction.

TECHXORA PRIVATE LIMITED | WEB DEVELOPER

February 2023 - August 2023

- Built and maintained scalable web applications using Angular, HTML, CSS, Angular TypeScript, JavaScript, .NET, and MySQL, ensuring high performance and responsiveness.
- Contributed to agile development processes, focusing on backend API integration, database management, and continuous improvement in deployment pipelines.
- Collaborated with cross-functional teams to design, develop and optimize web applications, delivering seamless user experiences and ensuring system reliability.

OXON WATER PURIFIER | WEB DEVELOPER

August 2022 - February 2023

- Developed and maintained responsive web applications using Angular, HTML, and CSS, ensuring cross-browser compatibility and a seamless user experience..
- Integrated.NET back-end APIs and efficiently managed MySQL database operations, optimizing data flow and system performance.
- Conducted comprehensive testing and debugging to identify and resolve functional and UI-related issues, enhancing the stability and performance of the application.

PROJECTS

HELP DESK - BANK SECTOR | WEB DEVELOPER

September 2023 - Present

- Designed and developed a fully functional HelpDesk web application using Angular (JavaScript and TypeScript), .NET backend, and MySQL database, ensuring a seamless user experience and efficient issue resolution
- Built dynamic UI components and reusable modules in Angular, enhancing performance, accessibility, and responsiveness.
- Developed and optimized REST APIs using.NET, integrating back-end services for smooth data flow and efficient handling of user requests.
- Unit and integration testing conducted, ensuring robust and bug-free application deployment.
- Worked in an Agile environment, collaborating with product owners to refine requirements, automate processes, and optimize deployment pipelines.

EDUCATION

BTECH

MES COLLEGE OF ENGINEERING

2018 - 2022

SKILLS

- **Full-Stack Development:** Angular (JavaScript and TypeScript), .NET, MySQL..
- **API Integration:** REST APIs using .NET..
- **Testing and Automation** Manual Testing, Bug Tracking, and Defect Management.
- **Performance Optimization:** Speed, accessibility, availability.
- **Agile and DevOps :** Agile workflows, CI/CD pipelines.
- **Problem-Solving:** Debugging, collaboration, and resolution of issues.
- **Innovation and Learning :** Adopting new technologies and process improvements.

CERTIFICATIONS

- Certificate of Angular Essential Training.
- Certification in Master SQL Development.

ACHIEVEMENTS

- Developed and optimized a responsive web application using Angular.js ,MySql and .Net , improving performance by 30% and enhancing user experience through streamlined UI/UX design.
- Implemented API integrations and automated testing using reducing bug resolution time by 40% and improving application reliability.
